Descripción

A flat angle that connects two straight sections of duct on the same plane, with an intersection angle ranging from 90° to 170°. It consists of a lower section that can be cut to the required angle, secured to the duct with screws, and a modular upper cover that overlaps the duct. The micro-hooks that secure the duct ensure a tight seal even in the event of significant impacts.

Etim

GROUP EG000006 - Installation ducts for wall and ceiling

CLASS EC000852 - Flat bend for skirting duct

Degree of protection (IP)	IP40	Material	Plastic	Material quality	Acrylonitrile butadiene styrene (ABS)
